JULY, 2023 | VOLUME 10

## FROM THE PROPRIETRESS' DESK

With all gratitude to God, it has been a memorable First Academic Session for us at Page Schools.

The experience of nurturing a startup is better imagined but we all went through it and are glad we can share our story from our perspective.

The academic journey which started on 12th September, 2022 has gone full circle and to God's glory has ended in praise.

It has truly been a wonderful academic year at Page Schools culminating in the moving up of our unique pupils.

We say congratulations to all of them especially our maiden graduands of the Reception class.

The sky is the limit for all of you.

After an eventful academic year, the pupils, teachers and parents of Page Schools all deserve a holiday.

Although the school has vacated for the summer holiday, remember we have our summer school running from 31st July - 25th August, 2023.

Take advantage of all that the summer school has to offer.

Admissions are also ongoing into all classes and our Page Schools (Secondary) JSS1 & JSS2

We look forward to another eventful academic year 2023/2024 as we continue Nurturing our pupils for Excellence.

Happy Holidays and God bless!

Gertrude Ogbeche (Mrs).
