## FROM THE PROPRIETRESS' DESK

Greetings from Page Schools!

Happy New Year to You!

As we welcome 2024, I want to express my heartfelt appreciation to everyone who has been a part of our Page Schools journey. From our incredible pupils and students to our dedicated teachers and staff, and of course, our supportive parents, you all have played a significant role in making this year a success!

First and foremost, let's give a big shoutout to our newly elected prefects! They have been officially sworn in and are ready to lead our school community with passion and dedication. We're proud of their achievements and we know they'll do an amazing job.

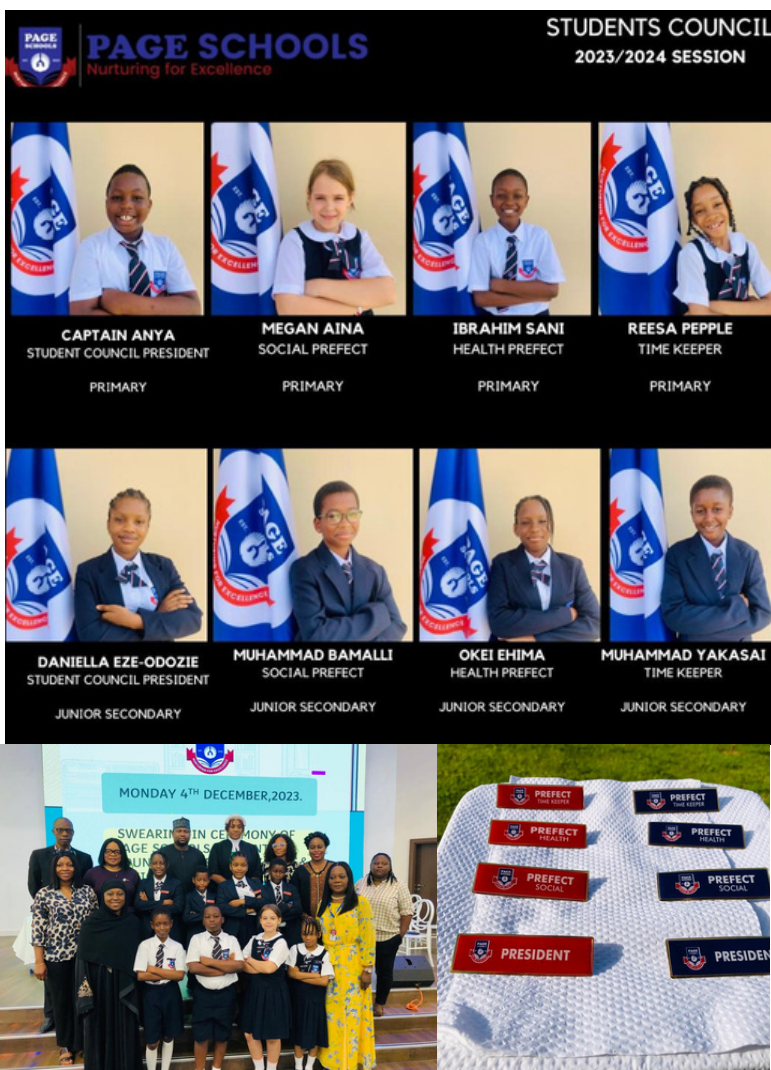

Let's also take a moment to appreciate all Our Parents, Friends and Vendors who supported us during the Page Schools Vaganza. Your contributions made the event more memorable and enjoyable. We're grateful for your partnership and the positive impact you've had on our school community. Looking ahead to the new year, we have big plans to make it even more incredible for our pupils and students. Our focus will be on creating a nurturing and inclusive environment where every child can thrive and reach their full potential.

We'll continue to provide innovative programs and activities that ignite curiosity, foster creativity, and empower our students to become confident and compassionate individuals.

So, let's step into the new year with excitement and a sense of purpose. Together, we'll make 2024 a year filled with growth, learning, and unforgettable moments.

On behalf of the entire Page Schools community, we extend our best wishes for a successful and fulfilling academic term ahead. May it be a period of growth, discovery, and achievement for all our students.

Thank you for your ongoing partnership.

We had our swearing-in ceremony for the first-ever prefects set on 4th of December, 2023.

It was a momentous occasion filled with excitement and pride!

We had a brilliant Barrister leading the ceremony and she did an amazing job in officiating the swearing-in.

It was truly inspiring to witness these young leaders stepping up and ready to make a positive impact on our school community.

# EARLY YEARS CORNER

For early years, this term promises to give the children magical wonder, amazing growth and development. It is really amazing to see the progress they have made since September.

Based on our Thematic learning, we will be running the themes below; which will be integrated into our seven (7) learning areas

Pre - Nursery/ Nursery: Season / Weather and Earth

Reception: Our Earth Continent

In addition to all fun - packed activities for the term, we will be having our fairy tale / character day. This is to instill the love of reading in our children and also getting them to be creative with ideas when picking out a book character they will like to portray.

## PRIMARY HUB

### PROJECT BASED LEARNING

Primary phase of the school will be introducing the Project Based Learning (PBL). The objective of this method of teaching is to build students' creative capacity to work through difficult task in groups. To further reinforce this method, the themed Community Outreach will be explored this term. The pupils will visit a delapidated space and identify the problem. Afterward, they would return to profer solutions to the problem. Activities under this theme will be done throughout this term starting with an orientation program.

## JUNIOR SECONDARY

As we embark on the second term of the 2023/2024 academic year, it brings us great joy to welcome both you and our beloved students back to Page Schools. Witnessing the smiles on the children's faces as they eagerly returned on the first day of school was heartwarming and a clear indication of their enthusiasm for learning. Our dedicated teaching and support staff have diligently prepared to ensure another exceptional educational experience for each child.

We have an exciting lineup of events planned for this term, aiming to provide a holistic and enriching educational experience. Please take note of the following upcoming events:

We encourage you to stay informed about these events and actively participate in them. Your involvement contributes significantly to the overall success of our school community.

In closing, we would like to emphasize the tripartite nature of a child's education, involving the school, the child, and the home. Your continued support is crucial in complementing our efforts and ensuring the best possible learning environment for your child. As George Weah aptly put it, "Education is a continual process; it is like a bicycle... if you don't pedal, you don't go forward."
